Objective

Aspiring software developer currently advancing my expertise in computer programming analysis at Seneca College. Skilled in JavaScript, React.js, Node.js, along with various programming languages, databases, and tech tools. I love creating scalable and intuitive applications and am excited to bring my skills and learning to a vibrant tech setting.

Skills

- •   Programming Languages: JavaScript, C++, HTML, CSS
- •   Frameworks/Libraries: React.js, Node.js
- •   Databases: MongoDB, SQL
- •   Tools & Technologies: Linux, Git, REST APIs, Tailwind CSS
- •   Linux, window10, 11, MacOS
- •   Project Management: Jira, Srum
- •   Soft Skills: Problem-solving, teamwork, effective communication, adaptability

Education

Advanced Diploma in Computer Programming and Analysis
Seneca College, Toronto, ON
September 2022 – Expected Graduation September, 2025
- •   Majoring in Computer Programming Analysis, a 3-year program, currently in the fourth semester.
- •   Coursework includes software development, database management, web technologies, and systems analysis.

other courses
- •   Web Programming
- •   Database Design
- •   Object-Oriented Programming with C++
- •   Linux operating system

Diploma in Science
September 2018 - June 2022
Belize, Central America, Stann Creek District, Independence High School

Projects

- ● Chatbot:
  - ○ Build a chatbot with Open Ai API using the model of GPT 3.0.

- ○ Programming Language: JavaScript, Html, CSS
- ○ Link to project: https://cougar-jodhpurs.cyclic.app/

- ● Music Web App
  - ○ Creating the web app based on my favourite three artis.
  - ○ Programming Language: JavaScript, Html, CSS
  - ○ Link to project: https://my-music-app2023.netlify.app/

- ● Lego Collection
  - ○ The Lego Collection web app using express server for static pages. It fetch JSON data with JavaScript API from the Lego collection database.
  - ○ Programming Language: JavaScript, Html, CSS
  - ○ Framework: Tailwind CSS
  - ○ Link to project: https://legocolletionanthony.onrender.com/

- ● Personal Portfolio
  - ○ Building a portfolio page to showcase my projects and a brief introduction of who I am.
  - ○ Programming Language: JavaScript
  - ○ Framework: Next.JS, React.JS, Tailwind, Aceternity UI
  - ○ Link to project: https://anthonysu.me/
